JNB Mechanical partners as new Jersey Sponsor

02/20/2023

We are delighted to announce that JNB Mechanical have agreed to become the club's new primary jersey sponsor with an agreement in place through the 2027 season.

JNB Mechanical has served as jersey sponsor for the Vancouver Victory teams for the past three years and this partnership will now extend to all our players included those in our recreational programs, Camas Washougal Soccer Academy and Vancouver United Soccer.

JNB is a local, family-owned business with former club coach and parent Jason Ellis as founder and president. Jason and his family have been involved in the club going back as far as 1998. Jason's passion for soccer and the club is the driving force behind this partnership. "I've known Jason for many years now and his commitment to our club's mission and values has always been readily apparent. He's found opportunities to help us in too many ways to list. I'm so grateful to him and his company.", said Executive Director Sean Janson.

JNB Mechanical provides Heating and Air Conditioning services specializing in Commercial and Residential Installation, Service, Maintenance, and Repair. Their goal is to be your 10th project, not just your first job. www.jnbmech.com

"When Sean approached me about this opportunity I was honored to be considered. I have seen first-hand all the lives touched by the work our club is doing in our community. This fact, along with my passion for soccer make this a great partnership." said Jason Ellis.

Beginning after Player Placements in May all new club jerseys will have the JNB logo across the chest. Due to the generosity of JNB Mechanical, [NW Soccer Locker](#), and adidas, no current players will be asked to purchase new jerseys next season.

DEVELOPMENT – RESPECT – COMMUNITY – OPPORTUNITY - FUN
