Columbia Premier SC recently participated in the Girls Academy Champions Cup group stages in Norco, California. The club earned its place in this prestigious competition by finishing as the top-performing overall club in the Pacific Northwest Conference for the 2023-24 season.

This tournament provided our players with an unparalleled opportunity to showcase their talents on the grandest stage in girls' soccer in the United States. Competing against national champions and youth national team players, our athletes played in front of dozens of U.S. Soccer youth national team scouts and hundreds of college coaches.

"We would like to thank the coaches from over 130 colleges for taking the time to observe our teams and players compete at the highest level! We look forward to continuing to push our training environment forward to best prepare our players to compete at the knockout stages in Florida in March. We embrace the challenge of competing at this level and will use the perspective gained from this event as a catalyst for continuing to drive to provide the best development environment in the Pacific Northwest!" Robin Bostwick, Technical Director.

"Our experience at the GA Champions League this past weekend provided our teams and players with incredible perspective and exposure. Perspective on what years of top-level commitment, dedication, and development can lead to, surpassing this area and across the river.

Our players were able to find successes while facing many new challenges. We are optimistic of what the future holds and look forward to the next Champions League event in March,” Peter Pickett, head coach 10G GA and 08G GA.
